

ER-1000BK-EB

Personal PA System

The ER-1000BK-EB is a compact, portable and easy-to-operate personal PA system that delivers high quality sound. The system works with TOA's headsets giving the user flexibility to choose the option that best suits them, whilst keeping both hands free.

This system fits snugly around the users waist with a slightly curved design and adjustable waistband. It is ultra lightweight, yet with a maximum output of 10 W and a maximum audible range of 80 meters. It is controlled by a large rotating volume control and an independent power on/off switch for easy knob and switch operation even with a gloved hand. Six alkaline AA dry batteries provide up to 8 hours of use.
