| Rated output. | 15 W 23 W max. |
| Power source. | 6 x 1,5 V (R 14) |
| Battery life | 9 h |
| Audible range | 400 m |
| Finish. | ABS resin, grey, light grey (RAL 7035 or equivalent), |
| Operating temperature. | -10 °C to +40 °C |

Appearance

<Note on the audible range and battery life>

1. The indications of the audible range and battery life are based on the JEITA Standard*.
2. Audible Range presumes that the megaphone employs new batteries and is used on a quiet street. It varies depending on such conditions as battery consumption, ambient noise, wind direction and obstacles.
3. Battery Life assumes that megaphone is used for 30 minutes a day.
